Bourns Releases New Power Resistor Series

Bourns® Fixed Resistors Product Line introduces [Model CRM2512-FT](#). These components are surface mount power resistors with a power rating of 2 W. They can withstand ITU-T K.20, K.21 and K.45 basic test requirements within rated limits, making them ideal for telecom ports designed for Metallic Ended Line Test (MELT) functionality such as ADSL and VDSL2 hardware or test equipment.
