The Global Specialist in Electronic Component Distribution

The Specialist Distributors for Industrial Applications

NEED:

- Shock, Vibration , High temperature & humidity, Dust proof or High Pressure connectors ?
- Sealed up to IP67 connectors ?
- Industrial Ethernet - high speed, IP67 protection, flexible field installation ?
- Miniaturized, High speed, High Anti-Vibration Interconnect ?
- Custom Designed Power Capacitors for HV and LV Power Factor Correction and Filtering applications ?
- Leading Edge Power MOSFETs, Thyristors and IGBT modules ?
- To reduce RFI /EMI and comply to international emissions standards ?

TTI has an extensive broad range of components for you to choose from:

CONNECTORS:

- Heavy Duty Connectors
- Industrial IP67 Connectors
- Circular connectors - M8/M12/M23
- Specialized Servo Motor Connectors
- Industrial Ethernet Solutions - RJ45/USB
- High Voltage & High Power connectors
- Terminal Blocks
- D-Sub connectors & Cable
- Terminal & Splices

RELAYS, SWITCHES, SENSORS:

- High Reliability and Safety Relays
- Power Switches, Microswitch, Protection Switches
- Inductive Proximity Sensor, Current Sensors, Resolvers

CAPACITORS, EXTREME RESISTORS & CIRCUIT PROTECTION:

- Power Capacitors - for DC Link and DC Filter applications
- Power Capacitors - for IGBT Snubber and Filter circuits
- LVAC and HVAC Capacitor Solutions
- High Power Resistor -Wirewound and Thick Film Power
- Panel and Precision Potentiometers and Transducers
- Power MOSFETS - High Voltage Super Junction MOSFET
- IGBTs, Thyristors, SCR solutions
- Protection : TVS Diodes, Fuse, PPTC
- RFI/EMI Filter Solutions

FeedbackTTIAsia@ttiinc.com

TTI Asia's Industrial Business Unit

TTI Asia has a team of qualified Sales Engineers and Industrial Field Application Engineers who are dedicated to providing you with the most competitive products to meet your design requirements for the harsh industrial environments of manufacturing plants, industrial control and communications and remote monitoring instrumentation.

TTI is the world leading specialist in passive, connector, discrete, relays and switch components. Providing innovative products suitable for use:

- **Factory Automation and Material Handling**
- **Factory Process Controls and Human Machine interfaces**
- **Factory & Production Equipment**
- **Motion & Drives**
- **Robotics**
- **Intelligent Building**
- **Lighting**
- **Alternative Energy**
- **Power Supply**
- **EV Charge Station**

Why Buy from TTI?

Founded in 1971, TTI steadily has grown to become the world's largest specialist distributor for Passive, Discrete, Connector and Electromechanical components. TTI ASIA is head-quartered in Singapore, with three dedicated ISO 9001:2008 certified warehouses located in Hong Kong, Shanghai and Singapore. TTI is well positioned to support Greater China and South Asia, with over 400 staff covering 24 locations in 12 countries.

Product Knowledgeable Experts

TTI has a team of specialists with more product experience and knowledge than any other distributor. All TTI employees participate in company-wide training programs, plus every one of our sales branches has a team of product managers on-site to provide the extra support that customers need. Through the years these exceptional specialists have become, and remained, the most knowledgeable in the electronic component industry.

Broader and Deeper Inventories

TTI maintains extensive inventories by stocking more than 500,000 parts with over 80% available for immediate delivery. That's more interconnect, passive, electro-mechanical, and discrete parts than from any other source. We remain committed to breadth and depth of inventory, ensuring availability of C and D class parts as well as commodity parts.

Leading Edge Technology Products

The manufacturers TTI partners with, are the companies that lead the industry in new component technologies. For customers, this means that TTI enlists the help of the manufacturers who can help solve any design challenge. Our product groups also focus on new product introductions to ensure we have the very latest and most technologically-advanced products readily available from stock.

Value Added Logistic Services

From technical application advice to customized logistical solutions; TTI can add value throughout the supply chain by reducing acquisition costs, improving material flow through forecast analysis, provide safety stock and reduce receipt handling through consolidated shipments. These are just some areas that TTI can review with your company to streamline your internal supply chain and help reduce hidden material costs.

Global Distribution Centers

TTI has more than 1.3 million square feet of automated warehousing in North America, Europe, and Asia. All are linked into a global warehouse management system that provides superior customer service and overall business efficiencies. Wherever you are in the world, TTI can support you.

Quality and Reliability

TTI has a passion for excellence, and after 40 years experience our on-time delivery and quality levels are the best in class. TTI implemented Total Quality Management in 1989 and have been ISO registered since 1993, we were the first distributor to have all of our global warehouse locations ISO registered and have since upgraded to ISO9001:2008. TTI has one global documentation system that ensures that every TTI branch and warehouse in the world follow the same processes. Year after year, customers rate our quality and management practices to be among the very best in the industry. This is especially important when the products are the typical high mix, low value parts on which we have built our reputation.

THE SPECIALIST

Authorized Distributor of These Manufacturers and Their Brands

For more information contact:

**When it comes to IP&E and discrete components,
TTI is your go-to resource with the broadest and deepest inventory,
and a reputation for quality and on-time delivery second to none.**
