

PCN 20260708 NUT RING**Issue Date:** Jul 08, 2025

Dear Valued Customer,

This notice is to inform you of an update to a finished good you have purchased from Littelfuse.

Description of the Change:

Littelfuse will change the finish of the nut ring from Dull Nickel to Bright Nickel.

Reason for The Change:

To support long-term product availability and supply chain sustainability, Littelfuse is implementing a finish standardization on the nut ring component used in the M Series product line. The Bright Nickel finish is an approved alternative that has been evaluated and determined to have no impact on fit, form, or function. This change helps ensure continued availability of the finished product while maintaining expected quality and performance.

Effective Date of the Change:

Immediately 08 July 2026.

What You Need to Do:

No action is required on your behalf. Based on our analysis, this change will not affect fit or function of the products.

If you have any questions, please contact your Customer Service or Inside Sales Representative. We appreciate your business and our continued partnership.

Sincerely,

Alex Toro

Associate Product Manager

Littelfuse Commercial Vehicle Products

Bright Nickel Nut Ring
