Product Discontinuance Notice (PDN)

Issue Date: **October 22nd, 2026**

Reference: **PDN2026-03**

Dear Valued Customer,

We would like to notify you that we'll phase out some parts that you purchase from Littelfuse.
We value your business and want to ensure a smooth transition.
Below are the key details of this End-of-Life (EOL) notification for your planning:

- **Part Numbers:**

  VUC36-12GO2
  VUC36-16GO2

- **Reason for product discontinuance:** Low demand
- **Last Time Buy Deadline: January 21st, 2027**.
- **Last Time delivery date: December 17th, 2027**.
- **Nearest replacement part: MDMA60UC1600VC**

- **Order Adjustments:** Littelfuse reserves the right to adjust (push out or cancel) order quantities, in whole or in part, based on supply availability and operational considerations. We will communicate promptly regarding any such adjustments.
- **Order Terms:** All Last-Time Buy orders are Non-Cancelable, Non-Returnable, and Non-Reschedulable (NCNR). Once an order is accepted by Littelfuse, it may not be canceled, modified, or rescheduled by the customer.
- **Pricing:** Littelfuse will make commercially reasonable efforts to honor existing pricing or agreements. However, pricing remains subject to confirmation at the time of order acceptance, particularly considering potential changes in manufacturing or supply conditions. Littelfuse keeps the right to charge Customer with extra material scrap costs that could remain after completion of the last time buy orders.
- **Terms Precedence:** In the event of any conflict between this notice (and Littelfuse's standard terms and conditions of sale) and any customer purchase order, the terms of this notice and Littelfuse's standard terms shall prevail, and any contradicting terms contained in any customer purchase order are expressly objected to by Littelfuse.

We appreciate your partnership and understanding during this transition. Our team remains available to support your planning and address any questions.

Sincerely,
Pascal Ducluzeau
