Description of Change: Glass To Metal Seal (GTMS) design change.

Reason for Change: To enhance product reliability and streamline manufacturing processes, Vishay is introducing a compression seal GTMS design for the HE3 and HE5 families, including DLA 10011 series. This change aligns with our commitment to continuous improvement and customer satisfaction.

Expected Influence on Quality/Reliability/Performance: Aside from an external appearance of the product, which will be slight, the performance of the product and its reliability will remain unaffected.

Part Numbers/Series/Families Affected: 10011-*

Vishay Brand(S): Vishay Sprague

Time Schedule:

Start Shipment Date: Wednesday July 15, 2026

Sample Availability: Upon Request

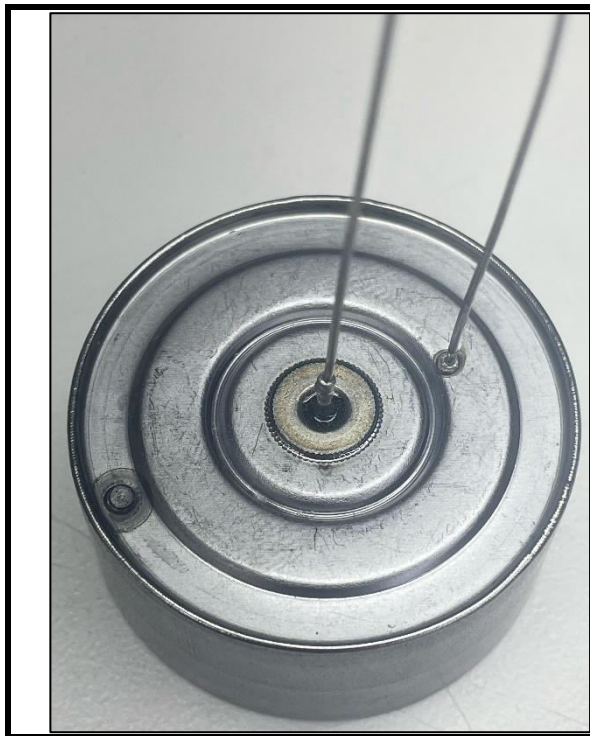

Product Identification: DLA 10011

Qualification Data: Upon Request

This PCN is considered approved, without further notification, unless we receive specific customer concerns before Friday May 15, 2026 or as specified by contract.

Issued By: Jon Rhan, Jon.Rhan@vishay.com
