TE Connectivity

Product Change Notification: P-26-030526

PCN Date: 15-JUN-26

Customer: TTI Inc (168830)

Location: Fort Worth

Agreement: Agreement Unknown

TE would like to inform you of the following change(s) to the listed TE Connectivity Product. In case of any further questions about this change(s), please contact your TE Connectivity Sales Engineer. Affected part, drawing and/or specification numbers are listed on the attached sheet(s).

General Product Description:

Manufacturing location expansion

Description of Changes

As TE Aerospace, Defence, and Marine (AD&M) continues to expand our product offerings in our Rugged Fiber Optics (RFO) product line in Europe, we are pleased to announce the expansion of our manufacturing capability and capacity for RFO in the United Kingdom. This strategic initiative creates a sustainable, long-term manufacturing platform designed to serve our global customers with enhanced efficiency and responsiveness. The new capabilities will be established in Swindon, UK facility bolstering our existing operations in Hastings, UK.

Reason for Changes:

Product improvement. This expansion will enable us to significantly improve customer service through reduced lead times, seamless capability integration, accelerated new product introduction processes, and expanded footprint capacity to support future growth and market expansion. Any product transfers or dual-sourcing to this facility will follow our stringent validation procedures, which rigorously maintain the highest standards of quality, supply continuity, and complete form-fit-function equivalency of all affected products. The Swindon manufacturing location operates under a fully certified AS9100 quality management system, which meets and exceeds industry-standard and AD&M requirements, ensuring consistent delivery of the reliable and high-performance solutions to our customers whom depend on our products for their critical applications.

Estimated Dates:

Last Order Date (Obsolete Parts Only):	First Date To Ship (Changed Parts Only):
	15-JUN-2026
Last Ship Date (Obsolete Parts Only):	Last Date for Mixed Shipments: (Changed Parts Only):
	No Mixed Shipments

Part Number(s) being Modified:
